

ISCVI 16-18 June 2024

PROGRAM Sunday 16 June

08.00-13.00	REGISTRATION IS OPEN
08.30-09.30	Visit the Clinical Microbiology lab in Lund (pre registration is needed)
09.00-10.00	Visit the Clinic for infectious diseases in Malmö-architecture for the post-antibiotic era (pre registration is needed)
10.30-12.00	Work-shop-planned and on-going clinical trials in IE- How do we fill the knowledge gaps? <i>Moderators: Henning Bundgaard, Copenhagen, Denmark, Eugene Athan, Deacan, Australia</i>
12.00-13.00	LUNCH in the exhibition and poster area
13.00-13.15	Welcome and opening
13.15-14.50	Session 1: Surgical treatment of infective endocarditis <i>Moderators: Sigurdur Ragnarsson, Lund, Sweden, A.W. Karchmer, Boston, MA</i> 13.15-13.45 Keynote lecture 1 - Where are we now and where are we going? <i>Gösta Pettersson, Cleveland Clinic, USA</i> 13.45-14.05 Contraindications for surgery? -stroke <i>Mahmoud Diab, Rotenburg, Germany</i> 14.05-14.25 Options for treatment in right sided IE: open surgery, percutaneous extraction or conservative? <i>Gino Gerosa, Padua, Italy</i> 14.25-14.50 Interactive case-discussion "clinical dilemma related to surgery in IE"-mentimeter? <i>Eduard Quintana, Barcelona, Spain</i>
14.50-15.20	COFEE in the exhibition and poster area
15.20-17.35	Session 2. Antibiotic treatment for infective endocarditis <i>Moderators: Ulrika Snygg-Martin, Göteborg, Sweden, Margaret Hannan, Dublin, Ireland</i> 15.20-15.50 Keynote 2: Controversial issues in the new guidelines-interactive <i>Emil Fosböl, Copenhagen, Denmark</i> 15.50-16.10 PK/PD for intravenous antibiotics in IE <i>Claus Moser Copenhagen, Denmark</i> 16.10-16.35 Oral abstract presentations 16.35-17.35 What do we do with the stable patient with IE? 16.35-16.50 Peroral treatment or stop treatment? <i>Henning Bundgaard, Copenhagen, Denmark</i> 16.50-17.10 OPAT, dalbavancin or chronic supression? <i>José Miro, Barcelona, Spain</i>

ISCVI 16-18 June 2024

PROGRAM Monday 17 June

08.30-10.00	<p>Session 3: <i>Staphylococcus aureus</i> <i>Moderators: Andreas Berge, Stockholm, Sweden</i></p> <p>08.30-09.00 Keynote 3 Treatment of <i>S. aureus</i> bacteremia- New treatment options and outcome measures <i>Vance Fowler, Duke, USA</i></p> <p>09.00-09.20 Clinical trials in treatment of SAB- recent past and present. Towards adaptive trial designs. <i>Steven Tong Melbourne, Australia</i></p> <p>09.20-09.40 <i>S. aureus</i> prosthesis valve IE- do we always need surgery? <i>J.T.M. van der Meer, Amsterdam, the Netherlands</i></p> <p>09.40-10.00 Oral abstract presentation</p>
10.00-10.30	COFFEE in the exhibition and poster area
10.30-11.40	<p>Session 4: <i>Implanted devices</i> <i>Moderators: David Mörtzell Lund, Sweden, Barbara Hasse, Zurich, Switzerland</i></p> <p>10.30-10.50 How to extract and reimplant a CIED <i>Alexander Breitenstein Zurich, Switzerland</i></p> <p>10.50-11.05 Always extract the CIED in <i>S. aureus</i> bacteremia! <i>Eugene Athan Deakin, Australia</i></p> <p>11.05-11.20 The CIED does not always need to be extracted in <i>S. aureus</i> bacteremia! <i>Andreas Berge Stockholm, Sweden</i></p> <p>11.20-11.40 Interactive case discussion-CIED extraction</p>
11.40-12.20	General ISCVI assembly
12.20-13.20	LUNCH in the exhibition and poster area
13.20-15.00	<p>Session 5: <i>Imaging in infective endocarditis</i> <i>Moderators: Ellen Ostfeld, Lund, Sweden, Christine Selton-Suty, Nancy, France</i></p> <p>13.20-13.50 Keynote 4 Echocardiography- TTE, TEE, 3d or ICE? <i>Sanjeev Bhattacharyya, London, UK</i></p> <p>13.50-14.10 PET-CT- cardiac and extra-cardiac use, are there new tracers coming? <i>Maria Nazarena Pizzi, Barcelona, Spain</i></p> <p>14.10-14.30 ECG-gated CTA- when does it add to the investigation? <i>Albert Roque, Barcelona, Spain</i></p> <p>14.30-15.00 Oral abstract presentation</p>
