Keynote

**Prof. Elizabeth Fitzpatrick**

Unilateral hearing loss in children: changing perspectives

14:15 - 14:35 Kerttu Huttunen

Criterion validity of the Finnish version of LittleEARS Early Speech Production Questionnaire (LEESPQ)

14:35 - 14:55 Poster Pitchers (3 min presentations)

---

14:55 - 15:45 Coffee, exhibition and posters

---

**Prof. Astrid van Wieringen**

Advantages of cochlear implantation in children with single sided deafness: a longitudinal study

16:30 - 16:50 Marlin Johansson

Understanding congenital unilateral sensorineural hearing loss: A PhD project

**May 28, Tuesday**

08:00 - 08:45 **Children with neuropsychiatric diagnoses and hearing loss**

Keynote

**Dr. Hanna Stenfeldt Essner**

Neuropsychiatric disorders in children with hearing impairment

08:45 - 09:05 Elsa Erixon

Estimated prevalence of permanent hearing loss among newborns and 6-year-olds: An evaluation of the three auditory screenings in Uppsala

09:05 - 09:25 Allison Mackey

Preschool hearing screening is needed to detect all children with hearing loss

---

09:25 - 09:55 Coffee and exhibition

---

09:55 - 10:15 Elisabeth Dahlström

The Swedish quality register for Hearing Loss in Children, SQRChildHear, - presentation and current results

10:15 - 10:35 Iris Elmazoska

Associations between recreational noise exposure and hearing function in adolescents and young adults: a systematic review

10:35 - 11:20 **Multilingualism and hearing**

Keynote

**Dr. Kathryn Margaret Crowe**

The importance of audiologists to supporting children with hearing loss and their families in multilingual contexts

11:20 - 11:40 Lovisa Hill

Investigation of Visual Reinforcement Audiometry, children 6-10 months
